In year 6 children are assessed within 4 key areas. This takes the form of a national test within each subject area during May. A progress score is also formed demonstrating either a negative (-) value or positive (+) value. A negative value reflects less than expected progress in that subject area, based on key stage 1 attainment. A positive value reflects better than expected progress in that subject area, based on key stage 1 attainment. The combined result is formed from the % of children who achieved expected or better in Reading, Writing & Maths. An average scaled score is also produced reflecting the overall standard within each subject area
