

Sports at Applegarth

We know that for many children, the past 18 months have limited their abilities to live as active a lifestyle as they had done previously. Therefore, At Applegarth, we have prioritised giving the children opportunities to take part in many different sports both within a formal PE lesson and within clubs run after school by the PE department. These clubs are free of charge as we want as many children as possible to benefit from them. Below is the timetable for the year ahead for when the different clubs will be run.
